

PD-II

ECR Interface Scale

**First, choose the right ECR for you,
because we have PD-II available for you**

PD-II is equipped with RS-232C port and 4Bit Parallel for most popular ECRs such as SAMSUNG, SANYO, CASIO, SHARP and others Installation is very easy.

PD-II has standard large tray making weighing of large object convenient and accurate. The stainless tray of PD-II makes it sanitary weighing. Also PD-II is constructed low profile to make it easier to place an object on the tray.
